Letter from Khuddar Pakistan Team

Dear Friends and Supporters,

As we reflect on the remarkable journey of Khuddar Pakistan in 2024, we are filled with profound gratitude and optimism. Our mission to build a self-reliant Pakistan - one where education, healthcare, clean air, and clean water are accessible to all - has taken significant strides forward thanks to your unwavering support.

This year marked a pivotal moment in our One Community One Village (OCOV) program. Our first adopted village, Toheedabad in Punjab, continues to flourish with 90 children receiving education, while solar panels and tube wells provide sustainable infrastructure for the community. The success of our medical awareness sessions there has demonstrated the power of community-driven change.

We are particularly excited to share that we expanded our reach by adopting our second village, Tibi Hoot Maher, where your generosity helped us raise \$45,000 to support the education of 60 children. This achievement perfectly embodies our core values of empowerment & sustainability.

The Pakistani diaspora across the North Carolina Piedmont region has shown extraordinary commitment to our cause. Our corporate partnerships, including matching gift programs from Wells Fargo, Lenovo, Google, and Nvidia, have amplified the impact of individual contributions. We must also acknowledge our invaluable education partner, Takmil, whose expertise has been crucial in implementing our educational initiatives.

Looking ahead, we are preparing to expand our OCOV program to Kasra Merzai in Balochistan. This expansion represents not just geographical growth, but a deepening of our commitment to transform lives across Pakistan, one village at a time.

None of this would be possible without our dedicated volunteers, whose countless hours of service bring our vision to life, and our committed Board of Directors, who provide steadfast leadership and guidance. Together, we are building stronger communities both at home and abroad, fostering a culture of strategic giving and inspiring social change.

As we move forward, our focus remains clear: to create lasting, sustainable impact that helps Pakistan stand proudly on its own feet. Founded just four years ago by professionals across the USA, UK, and Pakistan, Khuddar Pakistan has already touched numerous lives - but we're only getting started.

Thank you for being part of this transformative journey. Your support makes our mission possible, and together, we will continue working toward a truly Khuddar Pakistan.

With sincere appreciation and gratitude.

Khuddar Pakistan Team

About Khuddar Pakistan

Our Mission

Our mission is to see Pakistan become khuddar (self-sufficient), a Pakistan that does not depend on foreign aid, a Pakistan where education, healthcare, clean air, and clean water are accessible to all, and a Pakistan where there are opportunities for all to make a decent living.

Our Values

1. **Education as a Catalyst:** Recognizing education as a key driver of social and economic progress.
2. **Empowerment:** Fostering self-reliance and enabling individuals and communities to take control of their own development. This is central to Khuddar Pakistan's mission.
3. **Sustainability:** Implementing programs and initiatives that create lasting, long-term impact rather than short-term fixes.
4. **Collaboration:** Working in partnership with the Pakistani diaspora, local communities, and other stakeholders to maximize impact.
5. **Transparency and Accountability:** Operating with openness and ensuring that donations are used effectively and ethically.
6. **Impact-Driven:** Focusing on tangible results and measurable outcomes to demonstrate the effectiveness of Khuddar Pakistan's programs.
7. **Community Focus:** Prioritizing the needs and well-being of the communities they serve in Pakistan.

Our Brief History

Khuddar Pakistan (KPak) was started by a group of professionals in the USA, UK, and Pakistan to transform the success of the Pakistani diaspora into a meaningful impact across Pakistan. Founded in 2020, KPak is led by professionals from diverse backgrounds who work to build stronger communities at home and abroad, with a shared culture of strategic giving and inspiring social change.

Program Highlights/Impact Report

One Community One Village (OCOV)

Imagine a village transformed – children attending school, families with access to clean water, and a community thriving with improved healthcare. This is our goal. Each year, we dedicate our resources to uplifting a village in Pakistan, providing essential support in education, water, and healthcare for up to five years, empowering them to build a brighter future for themselves.

First Village: Toheedabad, Punjab, Pakistan

- Adopted village in 2022
- Provide education to 90 children
- Installed solar panels and tube well
- Conducted 2 medical awareness sessions

Educating boys and girls in Toheedabad Village

Solar panels and tubewell installed in 2023

Second Village: Tibi Hoot Maher, Punjab, Pakistan

- Adopted village in 2024
- Raised funds \$45,000 to support educating 60 children

Financial Report
Income and Expenses Summary

Opening Balance	\$8,271
2024 Donations	\$36,204
2024 Expenses	\$33,917
2024 Closing Balance	\$10,558
Surplus 2024	\$2,287

Expenses Details

Expense Activity	Expense Amount
Tibbi Hoot Mahar School	\$30,018
Solar Panel Improvements (Toheedabad)	\$832
Fundraising Events Costs	\$3,067
Total Expenses	\$33,917

Donor and Volunteer Recognition

The path toward a self-sufficient Pakistan is illuminated by the extraordinary generosity of our supporters across the North Carolina Piedmont region. In 2024, donors from Raleigh, Durham, Chapel Hill, Greensboro, and High Point demonstrated unprecedented commitment to our vision of a Khuddar Pakistan – one that stands proudly independent, offering quality education, healthcare, and economic opportunities to all its citizens.

Our strategic partnership with Takmil has proven instrumental in advancing our educational initiatives. Their expertise and dedication have strengthened our ability to deliver impactful educational programs across two villages, aligning perfectly with our core belief that education serves as a cornerstone for national self-reliance.

The dedication of our volunteers has been nothing short of transformative this year. Our community of passionate individuals has contributed hundreds of hours across multiple projects, embodying our values of empowerment and community-centered development. Their efforts have been particularly notable in fundraising events and medical awareness sessions.

As we continue our journey toward a self-sufficient Pakistan, the combined force of our donors' generosity and our volunteers' commitment creates a powerful engine for sustainable change. Their support not only funds our projects but also strengthens our organizational capacity to implement lasting solutions. We extend our deepest appreciation to:

- Individual donors across the Piedmont region
- Corporate matching gift programs from Wells Fargo, Lenovo, Google, Nvidia, Digital Notion
- Takmil Education Partnership
- Our dedicated volunteer network
- Community organizations and local businesses

Their collective support embodies our core value of collaboration and demonstrates the power of the community in achieving transformative change.

Board of Directors

- Uzma Almakky, Board of Directors
- Dr. Qamar Khan, Board of Directors
- Fatima Khan, Board of Directors
- Sayeeda Ashraf, Board of Directors
- Dr. Ghazala Sadiq, Secretary
- Muhammad Abdullah, Treasurer
- Anita Ali, President
- Shazia Hasan, Vice President

Looking Ahead/Future Plans

One Community One Village (OCOV) Expansion

Expanding Hope in Balochistan

Building on our successful track record of village transformation, the One Community One Village (OCOV) Program is proud to announce our third village adoption initiative in Kasra Merzai, Balochistan. This expansion marks another milestone in our mission to bring quality education to Pakistan's underserved communities.

Project Scope

- Location: Kasra Merzai, Balochistan, Pakistan
- Target Beneficiaries: 50 children
- Required Funding: \$40,000
- Implementation Year: 2025

Medical Awareness Sessions

We are building a comprehensive telehealth network that connects dedicated physicians with underserved communities across Pakistan, breaking down barriers of distance and accessibility to deliver essential healthcare consultations and medical awareness.

The Need

Many communities across Pakistan face significant challenges in accessing quality healthcare:

- Limited access to medical professionals
- Geographic isolation from healthcare facilities
- Language barriers in healthcare communication
- Lack of basic health education and awareness
- Financial constraints in accessing medical care

Our Solution: Multilingual Telehealth Network

We are mobilizing a network of qualified physicians who:

- Speak regional languages fluently (including Punjabi, Sindhi, Pashto, Balochi, and other local dialects)
- Understand local cultural contexts and healthcare challenges
- Can provide virtual consultations to remote patients
- Share preventive healthcare knowledge and best practices
- Guide patients through basic health management
